

Hoopology University is proud to present its proud to present its 2017 basketball opportunities in Shakopee.

Hoopology University has been providing basketball instruction to athletes throughout Minnesota for the past 17 years. We have worked with athletes who are just starting out the game all the way up to Division 1 college athletes. We will provide you with the fundamentals necessary to improve your game, as well as provide you with the tools to help yourself.

We set ourselves apart from other basketball training services in several ways. We provide small **group instruction with a low athlete to coach ratio** for our mini-camps. Our coaching staff is comprised of teachers that coach. We believe the best way to be an effective coach is to be able to teach the game of basketball. This approach has allowed Hoopology University to grow in the past several years to work with over 500 athletes each summer. *Any changes in locations and times will be posted on our website: www.hoopologyu.com.*

Mini – Camp

Mini-Camps will focus on footwork, ball handling, shooting, and shot form. Max: 10-1 player to coach ratio.

Competitive Ball Handling

Each ball handling session will focus on the athlete becoming a quicker and more efficient ball handler with an emphasis on strengthening the athlete’s weaker hand. We have designed stationary drills, drills on the move, and drills with defenders. Repetition and competition will allow the athletes to become better throughout the summer.

Shooting Clinic

At our shooting clinic we focus on teaching you how to become a better shooter. Shooters are made in the offseason. We will teach you the techniques necessary to grade your own shot. Through this self-analysis approach you will soon be a more confident and efficient shooter.

Attack the Rack

Spend 6 hours attacking the basket in this high intensity camp. This camp will focus on utilizing footwork, ball handling, and body position to get by your defender. Develop a more explosive first step and learn to make the right decision as you finish with a layup, pull up jumper or floater, or pass. Learn moves such as the Euro-step, spin move and power-hop!
